Rayvenlights®

1. Features of Rayven LED DOWNLIGHT :

- Energy saving: Our LED downlight saves more than 90% power compared with the incandescent light bulb meanwhile it can provide the perfect luminance.
- Long lifespan:Our LED downlight has more than 50,000 hours lighting life which is equal even more than 5 to 10 times of the lifespan of the energy saving lamp.
- Good heat dissipation: epoxy encapsulation, lower calorific value.
- Green health environmental protection:No Hg,Pb and UV.
- High CRI: Ra>80, Ra>90 makes colors look like the things really do.

2. Application:

LED DOWNLIGHT is widely applied to which traditional fluorescent lamps would normally be used.It appears in anyplace that needs light, such as banks, hotels, stores, commercial buildings, shopping malls,supermarket,underground garage & etc.

5 Years QUALITY GUARANTEED IP20 RoHS COMPLIANT UK CA Dimming 0-10V DALI 2

Rayvenlights®

Model	DL.X1055A	DL.X1075A	DL.X1095A
Wattage	7W	12W	20W
Lumen	100lm/W	85lm/W	70lm/W
Beam angle	15°24°36°55°	15°24°36°55°	15°24°36°55°
Product size （mm)	∅60*42	∅80*50	∅100*62
CUT OUT（mm)	∅ 55	∅ 75	∅ 95
CCT Change	3000K / 4000K / 5000K		
CRI	Ra>80 Ra>90		
SDCM	SDCM <6		
Lifespan	50,000hrs		
Voltage	220-240VAC		
Dimmable option	Triac Dim / DALI Dim / 0-10V Dim		
ERP 2.0	Yes		
IP-class	IP20		
IK-class	IK03		
Insulation Class	Class II		
Material	Aluminum		
Environment	Indoors		
Installation	Shopping malls, showcases, showrooms		
Warranty	3 years/5 years		
Approval	CE, SAA, ERP, UKCA
